ESONE® Fluorin Coated Series is using Satin weaved fiberglass fabric, coated with Fluorin(special formulated PTFE) on one side or both side. It has high tensile strength, is UV resistant and Flame resistant. The color can be Gray, white, yellow, black, red or other colors. Applications of Fluorin coated series include wrapping insulation for pumps, filters, exchange, pipeline, valves, freeze protection and so on, it’s wrapped outside the insulation blanket, as this fabric is anti-aging, anti-chemical and anti-environment. Different color is used for different application, such as steam pipeline, oil pipeline or gas pipeline.
