

PTFE & Silicone Coated Fiberglass Fabric & Belt

## TDS of ESLAM SERIE RB30

— PTFE Casting Film  
— PTFE Glass Fabric  
— PTFE Casting Film

| Product                                  | Product Category | Coating                      |
|------------------------------------------|------------------|------------------------------|
| PTFE CAST FILM<br>LAMINATED GLASS FABRIC | ESLAM SERIE      | MULTILAYER<br>PTFE CAST FILM |

| Properties                                    | Metric               | Imperial                   |
|-----------------------------------------------|----------------------|----------------------------|
| Standard width<br>Please ask for other widths | 700, 1200 mm         | 27.6, 47.3 inches          |
| Thickness                                     | 0.30 mm              | 0.0118 inches              |
| Color                                         | Red / Blue           | Red / Blue                 |
| Weight                                        | 600 g/m <sup>2</sup> | 17.70 oz/yd <sup>2</sup>   |
| PTFE content                                  | 67%                  | 67%                        |
| Tensile Stength                               | 485 N/cm      Warp   | 277.1 lbs/inches      Warp |
|                                               | 468 N/cm      Fill   | 267.4 lbs/inches      Fill |
| Temperature resistance                        | -73 to +260 °C       | -100 to +500 °F            |

ESONE® ESLAM RB30 is a multilayer PTFE cast film laminated glass fabric. The surface of ESLAM series is crack free and pinhole free, which prevents oil and fat penetration to substrate, and is outstanding resistant to bacteria contamination.

ESLAM are increasingly replacing traditional PTFE coated fabric since the better performance in release property, oil resistant property, glossy surface, easy to clean property, mechanical strength and others. ESONE ESLAM PTFE film laminated belts is widely used for contacting grill machines(such as Formcook, Berief and CFS Twingrill), chemical industry, aerospace industry and so on.
